Kiowa Journal: "Billy Wilson, the would be slayer of J. M. Northrup, was taken to Medicine Lodge, Monday, by Sheriff Stevens. He has gone, followed by the regret of none of our citizens, and it is to be hoped that he will never again return." You certainly will not be troubled with him again.

The habeas corpus case in which Billy Young's child is the central figure has been settled by the child being put in the hands of A. D. Braunton, at whose house both parents are stopping and where each may see the little one as often as they may wish. Bill says that he never did refuse his wife access to her child. He brought it to town that both parents might be near it.

One week more of the institute after this week. Uncle Billy Mills is the owner of the finest colt in Barber county, he thinks, and after seeing it we are inclined to agree with him. The dam is a blooded trotting mare bred here from a Cass county, Missouri, 2 1/2 years ago, and the sire is Electric, the thoroughbred running horse brought here from Kentucky by Tevis & Procter. Electric has a pedigree going back to Lexington. The Mills colt, now three months old, is perfect in form and action and is a picture. Uncle Billy says that when it is a three-year-old it will out-run anything in Barber county one mile. Five hundred dollars would not touch the colt now.

Engineer Wagoner, of the Santa Fe railroad, fills the idea of the couplet, "A friend in need is a friend indeed." He was an old family friend of Billy Wilson, the man who died here this week, and during the last days of Wilson's life he responded to the wants of Mrs. Wilson by supplying her with the best kind of sympathy, hard, iron dollars, and when Wilson died, Mr. Wagoner came here, took charge of the funeral arrangements and paid every bill connected with the funeral. He made no show of displaying his charity; but appeared to be doing what he considered a duty.

Morris' Store Closed.

It is with genuine sorrow that we have to announce this week that the hardware establishment of Granville Morris (late Morris Bros.) was closed last Saturday. He was indebted to Parlin, Orendorff & Co., of Kansas City in the sum of \$5,000, and other firms in smaller amounts, his total indebtedness aggregating about \$10,000, though it was not all due for several months, yet. Owing to slow collections, Mr. Morris was not able to meet his obligations as they fell due and he having given chattel mortgages to Parlin, Orendorff & Co. and Richards & Conover, of like date, his store was closed by the representatives of those firms. He afterwards gave second mortgages to his other creditors. A list of his creditors, as shown by the chattel mortgages on record, is as follows:

Parlin, Orendorff & Co., \$5,000.00
Richards & Conover, 1,500.00
Schneider & Son, 1,125.00
Cousins & Co., 625.00
Ellis & Bourne, 250.00
Ketchum & Wagon Co., 200.00
S. M. Roper & Mfg. Co., 150.00
Elietta F. Hall, 100.00
Crane Bros. & Mfg. Co., 75.00
C. R. Roper & Mfg. Co., 50.00
Columbus Dairy Co., 30.00

Since coming here, three years ago, Granville Morris had established himself as a man of honor among all classes and it is the universal hope that he may yet get under his present financial embarrassment. He is honest, energetic and deserving, and had his debts been as willing as he to pay every dollar he owes, he would not now be in need of any man's sympathy.

Billy Wilson Dead.

On the 31st of July, at Kiowa, Billy Wilson, a gambler, went into the store of J. M. Northrup and with a double-barrel shot gun fired two shots at Northrup and retreating to the sidewalk, fired two more shots, none of them taking effect. Northrup picked up a 32-caliber revolver and followed his assailant to the side-walk and shot him through the right arm, and not being satisfied with the small weapon, he got hold of a 45-caliber Colt's revolver and again shot Wilson, the shot entering his left thigh. Wilson was taken to the rooms where he and his wife were living and there he remained under the care of Dr. McElrath until Monday, August 6th, when he was removed, on the cars to this city by Sheriff Stevens. The day before (the 5th) the sheriff had received information that Wilson was in danger of being lynched for his assault on Northrup and he accordingly went to Kiowa to investigate the facts. On the 1st inst. he had put Wilson under arrest and placed him in charge of a deputy.

Arriving at Kiowa on the 6th, Sheriff Stevens was not satisfied that Wilson was in a condition to be moved and he refused to move him; but being told by men in whom he had confidence that Wilson was not badly hurt and that he was probably awaiting an opportunity to get away, and three of the most prominent physicians of that city having signed a certificate stating that Wilson could be safely moved, the sheriff brought him to this city. Following is a copy of the certificate of the physicians:

Kiowa, August 6th, 1888.

We the undersigned hereby certify that Billy Wilson, a prisoner in the custody of Sheriff Stevens, is physically able to be conveyed to Medicine Lodge without detriment to his present condition.

C. F. McElrath, M. D.

S. S. CLOUGH, M. D.

C. H. DOWNTON, M. D.

When Wilson arrived here, he was put under the care of Dr. Gillette, county physician and he, with Dr. Gould, gave the case every attention possible until death relieved them of their charge Sunday night at 9 o'clock.

There were three slight evidences of blood-poisoning, but it was so slight that this was overcome. The wound in the hip having been drained; but the danger again became apparent, unmistakably, on Friday, and then it was decided to make an incision and drain it from the lower side. Drs. Gillette and Gould did this Friday afternoon, with good results, perfect drainage being secured; but this was too late, it appeared, by several days. At Kiowa the wound had not been drained at all. Wilson appeared to rally some on Sunday morning he was considerably better; but in the afternoon, the evidences of blood poisoning became very distinct and the patient remained in a semi-conscious condition until death relieved him.

Monday morning, Drs. Gillette and Gould made a post-mortem examination with the idea of locating the ball that went in the hip. They discovered that it had gone inward and downward from a point superiorly and posteriorly to the greater trochanter, and then it turned at a right angle, following the course of the sciatic nerve and entering the pelvic cavity and lodging near the rectum.

It is thought but for the removal of Wilson he would have recovered. He objected to the trip, though when he arrived here he expressed himself as satisfied that he was moved. He showed good nerve throughout.

His wife was at his side most of the time after he arrived here and he received every possible attention from Sheriff Stevens and his family, the physicians and S. B. Hitchcock who was engaged to stay with him.

Before Wilson went to Northrup's store, he had told a barber that Northrup had injured his wife, and he proposed to do him up. He then went to a hardware store and rented a gun saying that he was going on a hunt in the Territory. I had two shells loaded in my buckshot and these are the ones he fired at Northrup.

Northrup gave himself up, after the shooting, but was not prosecuted and, so far, no one has made complaint against him.

The funeral of Wilson occurred yesterday, Tuesday morning, Elder Embury presiding, the funeral sermon at the Christian church. The body was buried in the city cemetery.

The union labor party of Barber county, in convention assembled, look with pride upon the almost unanimous uprising of the people of the whole country in endorsing the principles of the union, and rallying to the support of Streeter and Cunningham, our standard bearers.

Resolved, That the members of Barber county, Kansas, in delegate convention assembled, do reaffirm and adopt the principles of the platform adopted at the Cincinnati convention, May 18th, 1888, believing that it presents the principles of republican democracy and true Lincoln republicanism, and we therefore invite those who believe in those principles to come out from the ranks of both the old parties and join in the practical carrying out of those principles in the interest of the producers and laborers of America.

Resolved, That the total income and increase of national wealth and the savings of labor, exceed the cost of three and one-half per cent, we believe that all interest in excess of that sum should be classed as usury, and that wherever usury is exacted, it should be abolished, and in so doing we will not only avoid the instrument on which it is sought to be exacted.

Resolved, That we venture the members of the United States senate and house of representatives for the measures they have been carrying out in the interest of the trust and monopoly, and we therefore demand the power by seeking to refund the present national debt in bonds to mature fifty years from date of issue.

Resolved, That in all foreclosures of mortgages and sales of real estate on execution, the law should give the owner of the realty one year from the date of the confirmation of the sheriff's sale in which to redeem from sheriff's sale, before a sheriff's deed absolute shall be issued, and that we demand that our delegates to this convention shall do their utmost to have this plank inserted in our state platform.

Resolved, That we denounce the vicious system of the commission of Barber county, Kansas, in the sale of real estate at a rate of interest of ten per cent, and we demand that the state systematically rob the people of thousands of dollars annually, by the sale of real estate at a rate of interest of ten per cent, and we demand that the people's money be used in so doing. And we demand that the state condemn the democratic republicanism of the present.
